1. Introduction

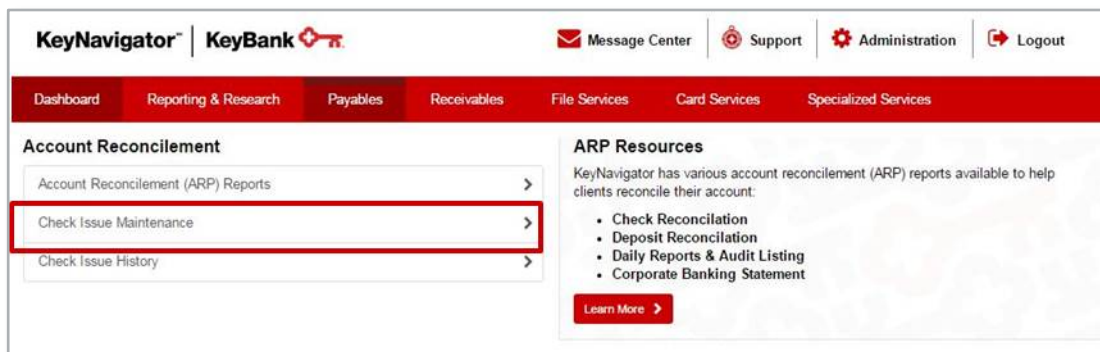

KeyBank (Key) provides a full suite of reconciliation solutions, including Full, Partial and Deposit Reconciliation. Partial Account Reconciliation Plan (ARP) provides a listing of numerically sorted paid checks. Full ARP provides a complete itemized list of all paid and outstanding checks and exception items. This service requires that you submit a check issue file to Key. The Deposit Reconciliation offering provides a list of deposits by store/location number.

Key's ARP service helps to expedite the internal reconciliation process by providing a report of paid checks, including: serial number, dollar amount, and date, along with any stop payments. Our Full service also provides cancelled checks, paid exceptions, e-check/ACH items, and outstanding checks (unpaid).

Key also provides payee verification (payee positive pay) as an added layer of protection. This service compares the payee information on items presented for payment to the issue data that you provide to us. Items that do not match the issue file are presented for your review.

1.1 ARP guidelines

- Your service start date coincides with your first full statement cycle. The implementation date is the date testing is completed and the file moves into production.
- You should submit your file of issued checks as soon as possible after checks are issued. For Positive Pay processing, the deadline is 11:00 p.m. ET on the day prior to the physical distribution of checks (this includes manually issued checks).
- You can manually enter issue or cancel information through the Payables section of KeyNavigator, by utilizing the **Check Issue Maintenance** function within Account Reconciliation.

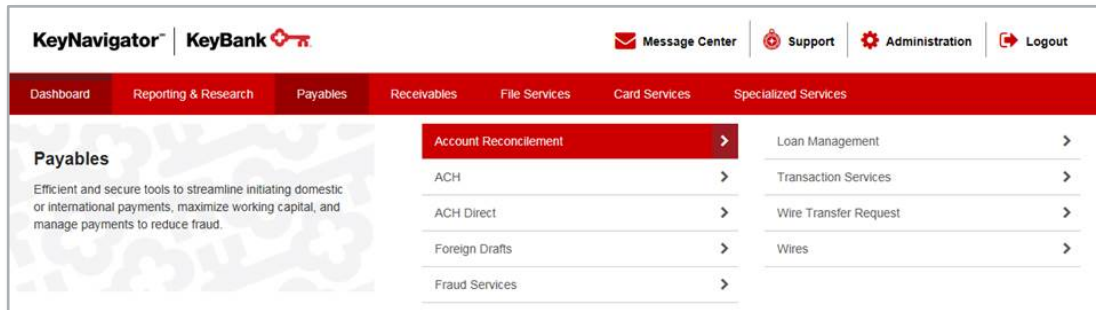

- Checks that are manually added after the period-end reconciliation has been completed will be added to the next month's reconciliation. You should complete these manually added items by the last day of your statement cycle.
- You are responsible for validation of any Paid No Issue (PNI) items on your reconciliation as a result of an incomplete or missing issue file.
- You will need to use the file date on all Canceled/Voided items, as using the issue date will change the Previous Outstanding Balance.
- If using KeyNavigator, you will automatically be granted access to the Daily Audit Listing Report. This report shows all issues and cancels on the previous day's file and will be available for you to review after 8:00 a.m. ET.
- In the event that an incorrect file was sent to Key, you will need to have the file backed out. Please send an email to ARP.Transmissions@KeyBank.com, and make sure to include your name and phone number in the email. In the subject line put "Need File Assistance." An associate will then assist you. You can also call Commercial Banking Services at 800-821-2829.

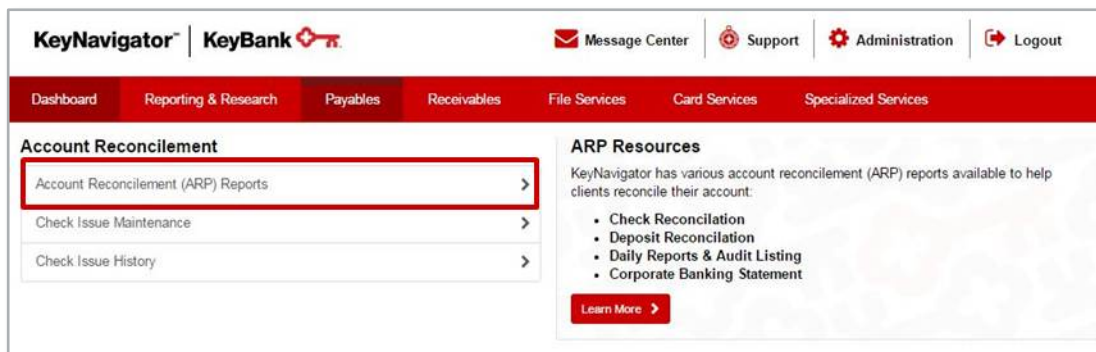

2. Account Reconciliation Reports

This section will outline how to access your ARP reporting.

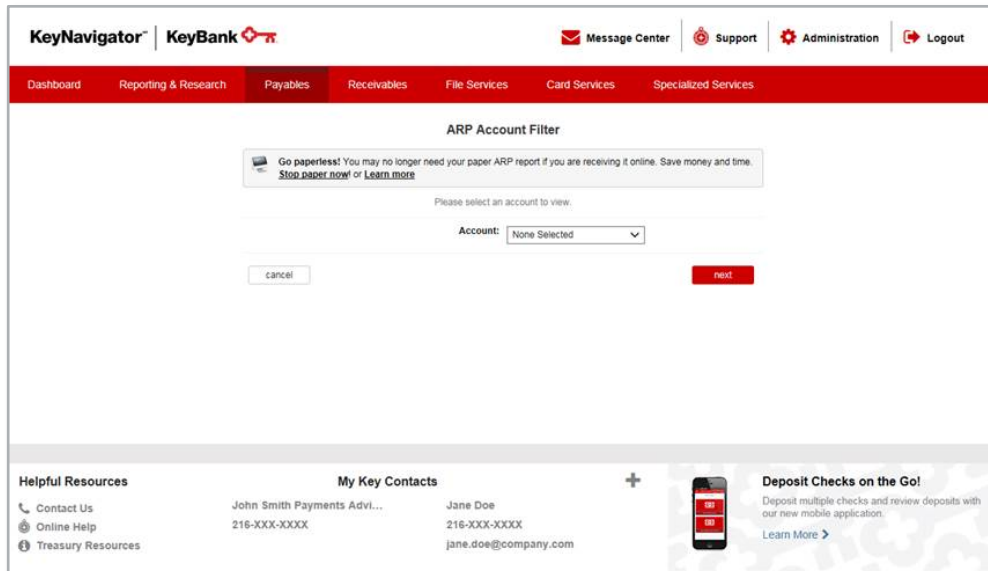

1. Select **Account Reconciliation** from the **Payables** section of KeyNavigator.

2. Then select **Account Reconciliation (ARP) Reports** from the main page.

3. Utilize the dropdown menu to select the appropriate account, and then click **Next**.

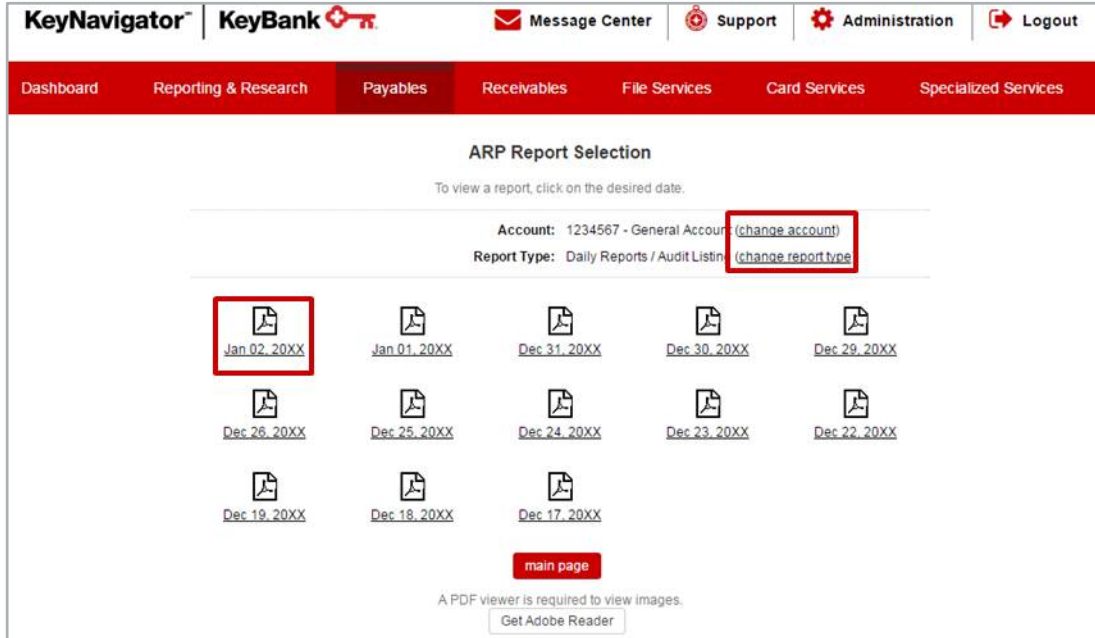

- Utilize the dropdown menu to select the type of report you wish to view.

The screenshot shows the KeyBank KeyNavigator interface for the ARP Report Filter. The top navigation bar includes links for Message Center, Support, Administration, and Logout. Below this is a red navigation bar with links for Dashboard, Reporting & Research, Payables, Receivables, File Services, Card Services, and Specialized Services. The main content area is titled 'ARP Report Filter' and prompts the user to 'Please select a report type to view:'. It shows the account '1234567 - General Account (change account)' and a dropdown menu for 'Report Type'. The dropdown menu is open, showing options: 'None Selected', 'Check Reconciliation - Period Ending', 'Deposit Reconciliation - Period Ending', 'Daily Reports / Audit Listing', and 'Corporate Banking Statement'. A 'cancel' button is on the left and a red 'next' button is on the right. The footer contains 'Helpful Resources' (Contact Us, Online Help, Treasury Resources), 'My Key Contacts' (John Smith Payments Adv..., Jane Doe), and a 'Deposit Checks on the Go!' section with a mobile app icon and a 'Learn More' link.

- Check Reconciliation – Period Ending – The Check Reconciliation report will provide a listing of paid checks, and if you are on Full ARP, you will also receive a listing of outstanding checks and exception items. These reports are available online for 13 months.
- Deposit Reconciliation – Period Ending – This report provides a list of deposits by store/location number. These reports are available online for 13 months.
- Daily Reports/Audit Listing – The Daily Audit Report contains details from the issue file and confirms that your file was received. Additionally, you can confirm receipt of your ARP file by checking the audit listing. These reports are available online for 62 days.
- Corporate Banking Statement – The end-of-period banking statement. These reports are available online for 13 months.

- Select **Next**.

- From this screen, you can view a PDF version of the selected report by clicking on the report that you wish to view; change the account number by clicking on **Change Account**; or change the type of report by clicking on **Change Report Type**. Select **Main Page** to return to the Account Reconciliation page.

3. Check Issue Maintenance

Check maintenance services enable you to manually add or cancel issue records or inquire into the status of a check. Adds and Cancels process just like an Issue File Transmission and update the ARP and Positive Pay systems as they are submitted. You can create up to 20 entries at a time. Adds should be submitted before checks are distributed. The Check Issue Inquiry function is available on business days, 8:30 a.m. – 11:00 p.m. local time.

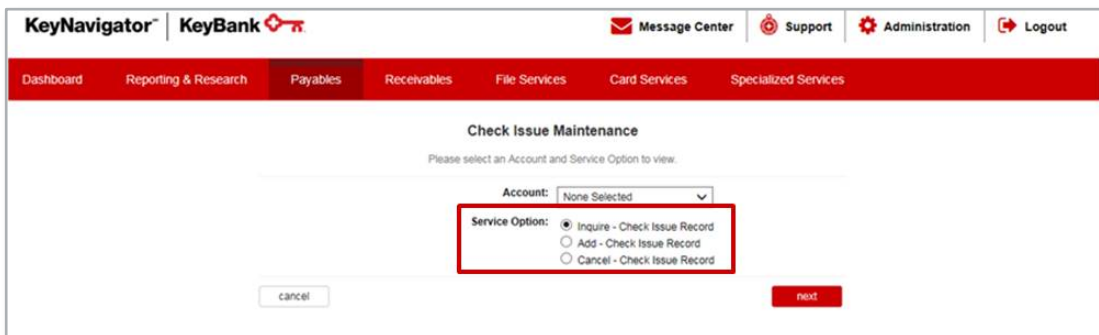

3.1 Inquiry on Status of a Check

1. Select **Check Issue Maintenance** from the Account Reconciliation page.

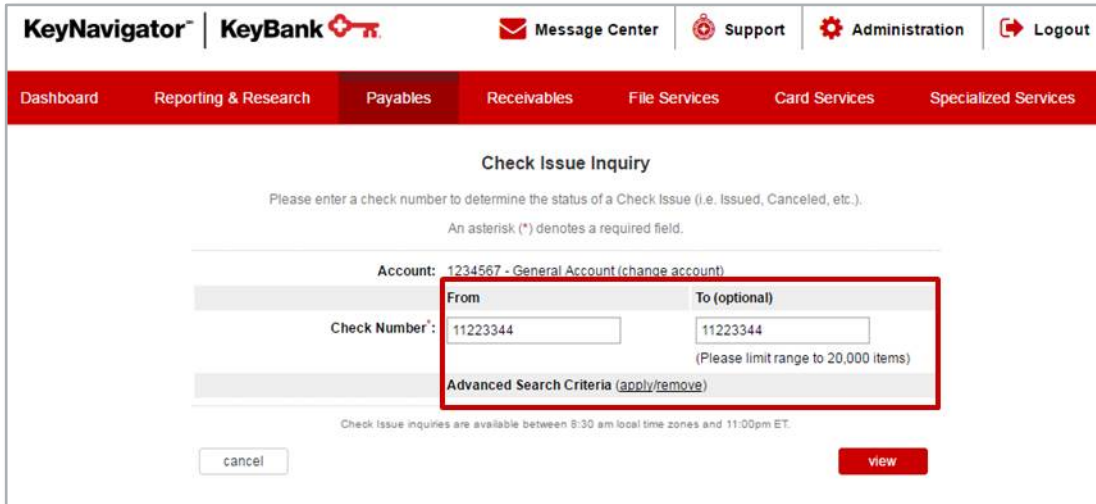

The screenshot shows the KeyNavigator interface. At the top, there's a navigation bar with 'KeyNavigator' and 'KeyBank' logos, and links for 'Message Center', 'Support', 'Administration', and 'Logout'. Below this is a red navigation bar with tabs: 'Dashboard', 'Reporting & Research', 'Payables', 'Receivables', 'File Services', 'Card Services', and 'Specialized Services'. The 'Payables' tab is active. Under 'Account Reconciliation', there's a dropdown menu for 'Account Reconciliation (ARP) Reports'. The 'Check Issue Maintenance' option is highlighted with a red box. To the right, the 'ARP Resources' section lists several reports: 'Check Reconciliation', 'Deposit Reconciliation', 'Daily Reports & Audit Listing', and 'Corporate Banking Statement'. A 'Learn More' button is also present.

2. Use the dropdown menu to select the appropriate account.
3. Choose **Inquire – Check Issue Record** from the available selections.

The screenshot shows the 'Check Issue Maintenance' page. At the top, there's a navigation bar with 'KeyNavigator' and 'KeyBank' logos, and links for 'Message Center', 'Support', 'Administration', and 'Logout'. Below this is a red navigation bar with tabs: 'Dashboard', 'Reporting & Research', 'Payables', 'Receivables', 'File Services', 'Card Services', and 'Specialized Services'. The 'Payables' tab is active. The main heading is 'Check Issue Maintenance'. Below it, there's a prompt: 'Please select an Account and Service Option to view:'. There are two dropdown menus: 'Account:' and 'Service Option:'. The 'Account:' dropdown is set to 'None Selected'. The 'Service Option:' dropdown is open, showing three options: 'Inquire - Check Issue Record' (selected), 'Add - Check Issue Record', and 'Cancel - Check Issue Record'. The 'Inquire - Check Issue Record' option is highlighted with a red box. At the bottom, there are 'cancel' and 'next' buttons.

4. Select **Next**.

3.3 Cancelling a check issue record

1. Select **Check Issue Maintenance** from the Account Reconciliation page.

The screenshot shows the KeyNavigator interface. At the top, there's a navigation bar with 'KeyNavigator' and 'KeyBank' logos, and links for 'Message Center', 'Support', 'Administration', and 'Logout'. Below this is a red navigation bar with tabs: 'Dashboard', 'Reporting & Research', 'Payables', 'Receivables', 'File Services', 'Card Services', and 'Specialized Services'. The 'Account Reconciliation' section is active, showing a dropdown menu with 'Account Reconciliation (ARP) Reports', 'Check Issue Maintenance' (highlighted with a red box), and 'Check Issue History'. To the right, there's an 'ARP Resources' section with a list of links: 'Check Reconciliation', 'Deposit Reconciliation', 'Daily Reports & Audit Listing', and 'Corporate Banking Statement'. A 'Learn More' button is also present.

2. Use the dropdown menu to select the appropriate account from which the new check has been issued.
3. Choose **Cancel – Check Issue Record** from the available selections. Select **Next**.

The screenshot shows the 'Check Issue Maintenance' page. It prompts the user to 'Please select an Account and Service Option to view:'. There are two dropdown menus: 'Account:' (currently showing 'None Selected') and 'Service Option:'. The 'Service Option' dropdown is open, showing three options: 'Inquire - Check Issue Record', 'Add - Check Issue Record', and 'Cancel - Check Issue Record' (which is selected and highlighted with a red box). At the bottom, there are 'cancel' and 'next' buttons.

- Input the check number(s), dollar amount(s), and any other pertinent data into the appropriate fields. Select **Add More** to input more than 10 cancels. (*Optional*)

4. Check Issue History

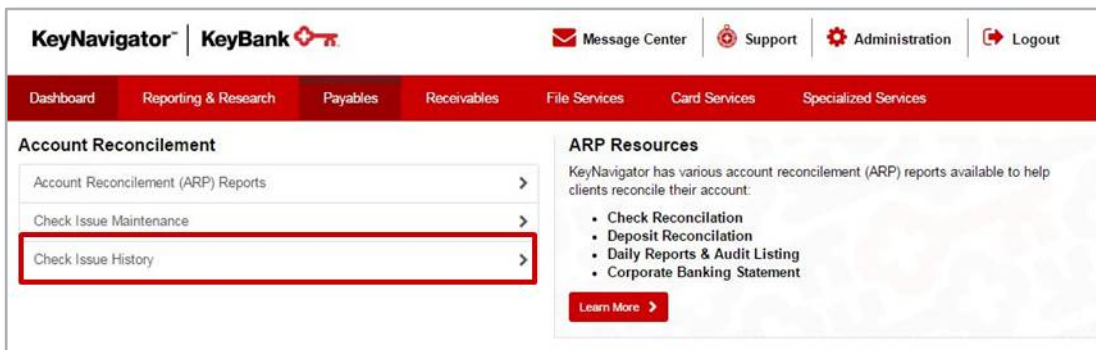

The **Check Issue History** provides a listing of adds and cancels entered via KeyNavigator, along with their status, the time/date of entry and the user that created the entry.

NOTE: Checks that were added or cancelled via other means, such as faxing a request to the ARP department, will not appear on the Check Issue History.

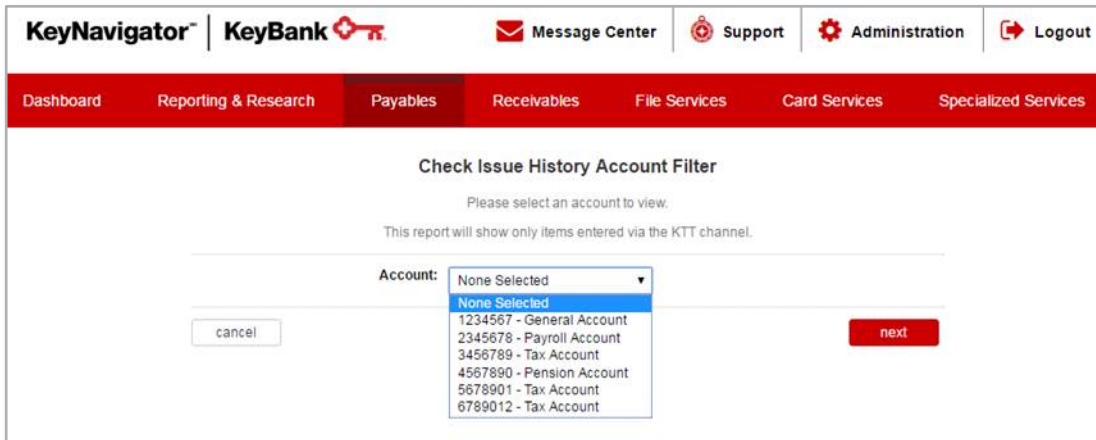

4.1 To access the check history listing

1. Select **Check Issue History** from the Account Reconciliation page.

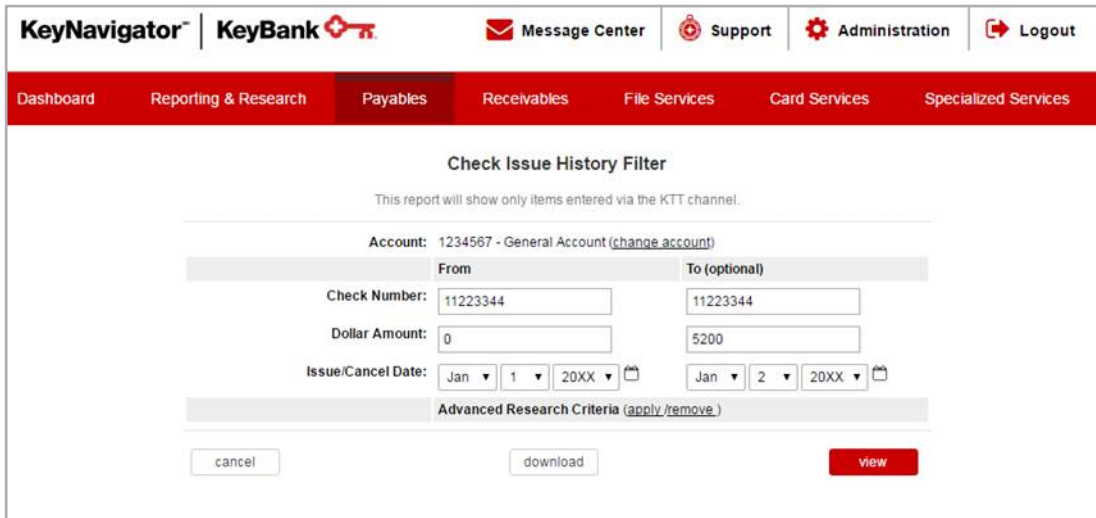

The screenshot shows the KeyNavigator interface. At the top, there's a navigation bar with 'KeyNavigator' and 'KeyBank' logos, and links for 'Message Center', 'Support', 'Administration', and 'Logout'. Below this is a red navigation bar with tabs: 'Dashboard', 'Reporting & Research', 'Payables', 'Receivables', 'File Services', 'Card Services', and 'Specialized Services'. The 'Payables' tab is active. On the left, under 'Account Reconciliation', there's a list: 'Account Reconciliation (ARP) Reports', 'Check Issue Maintenance', and 'Check Issue History'. The 'Check Issue History' item is highlighted with a red rectangular box. On the right, there's a section titled 'ARP Resources' with a list of links: 'Check Reconciliation', 'Deposit Reconciliation', 'Daily Reports & Audit Listing', and 'Corporate Banking Statement'. A 'Learn More' button is at the bottom of this section.

2. Use the dropdown menu to select the appropriate account from which the new check has been issued. Click **Next**.

The screenshot shows the 'Check Issue History Account Filter' page. At the top, there's a navigation bar similar to the previous one. Below it is a red navigation bar with the same tabs. The 'Payables' tab is active. The main content area is titled 'Check Issue History Account Filter'. It says 'Please select an account to view.' and 'This report will show only items entered via the KTT channel.' Below this is a form with a label 'Account:' and a dropdown menu. The dropdown menu is open, showing a list of accounts: 'None Selected', '1234567 - General Account', '2345678 - Payroll Account', '3456789 - Tax Account', '4567890 - Pension Account', '5678901 - Tax Account', and '6789012 - Tax Account'. To the left of the dropdown is a 'cancel' button, and to the right is a red 'next' button.

3. Enter a beginning check number in the **From** field.
4. Enter an ending check number in the **To** field. (*Optional*)
5. Enter a minimum and maximum dollar amount.
6. Utilize the dropdown menus to enter an issue/cancel date range.
7. To further limit results, choose to **Apply** advanced search criteria to show additional fields. (*Optional*)
 - a. Input payee data included on the entry.
 - b. Input other data included on the entry.
8. Select **Cancel** to return to the **Check Issue History Account Filter** screen. Select **Download** to obtain the listing in an Excel format. Select **View** to display the results.

10. If **View** is selected, the **Check Issue History Listing** will be displayed. You can sort results by column heading by clicking on the up and down arrows. You can also limit results further by clicking on the **Filter** button to return to the Check Issue History Filter screen and apply additional parameters. Selecting **Unfilter** will return you to the original results. Results can also be downloaded and saved by selecting **Download**. To return to the Account Reconciliation page, select **Main Page**.

5. Glossary of terms

ARP – Account Reconciliation Plan – the name of the reconciliation service Key offers.

Cancel – A request that is made by you to remove a check issue from the outstanding balance (full reconciliation only). It should only be used for a check that is in your possession.

Duplicated Paid – A check is currently being presented that was paid previously.

Issue – Data you provide related to checks issued from your Key account.

Key – KeyBank.

PNI – Paid No Issue. An item that has paid but no issue information was provided in the data file.

Sequence # – An eight-digit number listed on your Reconciliation Report for every paid check, which is Key's internal ID number assigned to each check.

Void – See the definition of cancel.
